Soft Skills: Active Learner | Analytical Thinking | Problem Solving | Team Collaboration | Adaptability

PROJECT EXPERIENCE

Setup | Full-stack Developer

setup.edu.vn - Mar 2026 - Apr 2026

An education platform with a landing page, CMS, and QR-based referral system.

- Developed the CMS from **PostgreSQL** database to **Next.js** UI.
- Built post publishing and old token cleanup Cron Jobs using **Quartz.NET**.
- Integrated a **QR**-based referral tracking system, **Jodit Editor**, and media **Folder Tree**.
- Deployed the system to a **VPS**.

Myrtus Villa | Full-stack Developer

myrtusvilla.com - Jan 2026 - Mar 2026

A villa management system with booking dashboard and custom calendar.

- Developed the booking system with a **Custom Calendar UI** supporting **Lunar/Solar** calendars.
- Built pricing logic for weekdays, weekends, and **Lunar/Solar** holidays.
- Managed booking schedules and deployed the system on a **VPS**.

REC English Center | Full-stack Developer

anhngurec.edu.vn - Sep 2025 - Oct 2025

A CMS dashboard and landing page for an English center.

- Developed the **CMS** and **Landing Page** using **Next.js** and **ASP.NET Core**.
- Integrated **Jodit Editor** with self-hosted media storage.
- Deployed the system on a **VPS** using **Docker**/**Nginx** and used **Quartz.NET** for Cron Jobs.

Invoice Generator | Full-stack Developer

Internal System - Aug 2025 - Oct 2025

A dynamic quotation and invoice PDF generation tool with an authorization system.

- Built a quotation generation system using **HTML Templates** and rendered PDFs with **Puppeteer Sharp**.
- Integrated **Jodit Editor** for editing quotation templates directly inside the CMS.
- Handled quotation forms, supported product **CSV** import/export.
- Deployed the system on a **VPS** using **Docker**/**Nginx**.

Markethub (Capstone Project) | Full-stack Developer

Oct 2024 - Jul 2025

A group-buy e-commerce platform with real-time chat and data visualization.

- Developed a **group-buy e-commerce** platform using **Next.js**, **ASP.NET Core**, and **MySQL**.
- Built a real-time chat system using **SignalR (WebSocket)**.
- Cloned coordinate data of Vietnam's 64 provinces for map visualization and integrated **Google OAuth 2.0**.

EDUCATION

Eastern International University (EIU) | Bachelor of Software Engineering | 2020-2025

GPA: 3.06/4.0 | IELTS: 6.0

Claude Code In Action | Anthropic Education
